

Organization

S.E.E. (Société de l'Electricité, de l'Electronique et des Technologies de l'Information et de la Communication)

Club «Matériels Électriques »

Président : Jean-Luc BESSEDE

Club « Systèmes Industriels »

Président : Pascal BROCHET

Groupe Régional Nord de la SEE.

Président : Jean-Bernard CHOQUEL

Objectives

The conference will focus on the latest research and development issues in the field of new materials, systems and components in electrical engineering.

Topics

- Wind Power
- Sea Power,
- Hydroelectric Power,
- Thermal and Solar Energies,
- Biomass,
- Eco-Design,
- Recycling,
- Power generation,
- Materials,
- Transportation & Distribution Power System
- Electricity storage
- Energy harvesting

Scientific & Technical Committee

Chairman: **J.L. BESSEDE** : AREVA, Lyon

The English language will be the official language of the conference. It will be used for both sessions and the text of the communications in the final proceeding

Abstracts submission

Prospective authors should submit an abstract of **one or two pages (A4)** using the online submission system available on the **iREED 2011** website:

<http://www.easychair.org/conferences/?conf=ireed2011>

before: 31st October 2010.

Authors must indicate:

- which topic the abstract is submitted for,
- the email, telephone, fax details for the contact author

Publication

At the end of the conference, the Scientific & Technical Committee will select the best papers contributors will be invited to enhance and extend their articles into review chapters, for publication in a reference book in :

ISTE, Woodhead Publishing Limited in 2012 (Cambridge)

Important dates

31st October 2010: Submission deadline

1st December 2010: Notification of acceptance

5rd January 2011: Camera-ready copy deadline

1st February 2011: Fee Registration
